Insurance Companies and Administrators
2023

Diversified Dental Services, Inc. makes every effort to ensure the accuracy of this list. However, it is subject to change by the insurance carrier, who may not always inform us in a timely manner of plan designs or network changes. Reimbursement may vary depending on the Provider's contracting and the patient's benefit availability. Diversified Dental clients control the placement of the Diversified network in their claim payment hierarchy. It is imperative that you always verify with the insurance company the network being utilized, as well as patient eligibility and plan benefits.
